About Us

Gardeza Gardening Formally branched out of Green Mall as the Landscape Division to cater to their clients with much of focus and dedication to providing complete landscaping solutions.

Driven by Chandni Rawat the company boasts of various projects done for major companies all around the country. Starting with landscaping as its core the company has now diversified into other areas of softscape and Hardscape .

The company is geared to be a major player in the field of Landscaping and with the backing of its parent company Green Mall, it is sure to leave an ever lasting impression.

Purpose of Our Existence

Right from Planning and Designing your Dream Garden we Do it all.

Creating 2D and 3D views of your Dream Garden even before you can implement it to ensure that you know exactly how your Garden would Look Like. We have a Specialized in-house Team of Designers.

Designing Concepts

Our team is dedicated in giving the best in the form of designs by understanding the clients mind, taking into consideration all the materials, technology and sustainability.

We try to bring in the soul to any landscape.

we believe in innovation and creativity that leads us to inspire and do the best with every design.
